NEC

Want both the smartest technology and the latest looks? Then take a close look at the e616. Featuring advanced 3G technology, it brings you face-to-face mobile communication with video streaming, downloading and messaging, wherever you are. It's never been easier or faster to surf the web, send email, and download pictures, movie trailers, audio and more, all in full colour. The e616 sounds pretty amazing too with high quality 40 chord polyphonic sound offering all the latest ringtones. The e616 even features a built-in MP3 player that lets you download and listen to your favourite tunes on the move. Sounds great, doesn't it?
